[Programas Portables Crack](#)

The screenshot shows a web browser window displaying the winPenPack website. The address bar shows the URL [www.winpenpack.com/en/page.php?28](http://www.winpenpack.com/en/page.php?28). The page has a green 'DESCARGAR' button at the top right. A sidebar on the left contains a 'Main menu' with links to Home, Forum, Downloads, Applications lists, Documentation, Resources, Development, FAQ, Collaborate with us!, Licenses and Conditions, and Info and Contacts. Below the sidebar is a 'Sponsored Links' section for 'ITSM Software Solution'. The main content area is titled 'winPenPack Full Applications list' and features a USB icon. Below the title, there is a video player showing a car. The page lists several applications under different categories:

- Documents management**
  - SumatraPDF (.pdf reader)
  - X-LibreOffice (office suite, Microsoft Office open source alternative)
  - X-ScITE (text editor)
- Personal Information management**
  - X-Anote (sticky-notes)
  - X-Planner (project management tool)
- Graphics**
  - JPEGView (image viewer)
